23. Problem: (use additional Sheets if necessary)
The ASDC Langley TRMM Information System (LaTIS) currently needs to fill additional customer orders on DLT media and perform disaster recovery backups on DLT media. ASDC is unable to meet this requirement in a timely manner with the existing LaTIS infrastructure.

24. Proposed Solution: (use additional sheets if necessary)
The ECS DUE StorTek 9730 Library (EIN 00006973), which is connected to l0dus03.larcb.ecs.nasa.gov (IP Address: 198.119.219.108), is currently available for use by LaTIS. This ECS DUE Library is used for filling DUE Subsetted data orders to DLT media. ASDC does not have any current ECS subsetted data orders to be filled on DLT and does not expect any within the near future. (continued on next page)
